

Giant's Hole topo 1. Entrance to Plug Hole Castleton

There are threads and spits that can be used to rig Garland's Pot on the right hand side if the normal route is wet, or crowded.

Garlands Pot: 15m rope, 4 maillons (25m if you use the drilled flake for a thread on the left hand wall, 5m before the first step)

Bad Step traverse: 20m rope, 5 maillons

Plug Hole: 7m rope, 2 maillons

Upstream inlet above Basecamp Chamber requires a 20m rope to pull through from the roof.
North East Swallet to the Crab Walk requires a 40m rope to pull through.
